Breakfast Welcoming Remarks

Senator Robert F. Bennett

Serving his third term as a U.S. Senator, Robert F. Bennett serves as counsel to Republican Leader Mitch McConnell, advising him on legislative strategy and policy priorities. Bennett got his start in politics by managing his father's U.S. Senate reelection campaign in 1962. He used his leadership skills and lessons learned from working as a staffer on Capitol Hill to become a successful entrepreneur. Under Bennett's leadership, Franklin Covey grew from just four employees to more than 1,000 and was listed on the New York Stock Exchange.

In the Senate, he serves in many leadership positions including senior member of the Senate Banking Committee and a member of the Joint Economic Committee. He also serves as the ranking Republican on the Senate Rules Committee.

As a member of the Senate Appropriations Committee, Bennett works to balance fiscal discipline in government while representing the needs of Utah in the distribution of federal funds. In the 111th Congress, Senator Bennett is focused on getting the economy back on track and cutting down the nation's debt by reforming social security and health care.

Senator Bennett is a graduate of the University of Utah, where he served as the student body president. He and his wife, Joyce are the proud parents of six children and 20 grandchildren.
